## 2009-2010 Budget Message

May 4, 2009
Dear Mayor, City Council, and Budget Committee Members:
During the past few years, the City of Scappoose has enjoyed remarkable growth. Last year, that growth slowed considerably. During the good times, the City budgeted conservatively and was able to put some money aside for a rainy day. That rainy day is here and those reserve funds are going to help us get through this down cycle. As anticipated, this budget accounts for reductions in revenues, expenditures, and staffing levels. Committee members should not expect this down cycle to last only one year. It is important to remember that life isn't a one way street and we need to take the bad with the good. If we look back, we will find that there has been over 30 recessions in this country's history. Each of these events had one thing in common - they all ended! This one will end too.

With this in mind, we, as leaders, need to focus on the positive activities that are occurring and use them as a platform to build a stronger, more economically diverse city. Staff continues to work to complete the Veterans Park and the Dutch Canyon Water Line project will begin construction this summer. During our last goal setting session, Council decided that the number one goal should be fostering economic development. Shortly after that meeting, we received news that Scappoose was successful in obtaining two federal stimulus grants. The first is to repair the sidewalks along the west side of Highway 30 and the second is to construct the Havlik/Hwy 30 Railroad Crossing. Each of these projects will help our community economically in the short term and, more importantly, in the long term.

As you look through the budget document, you will find that more charts and graphs have been added to assist the reader better understand the General Fund. Over the coming years, staff will be making other changes to the budget document to better explain the Enterprise Funds. As required by Oregon Budget Law, this proposed budget balances resources with expenditures.

## Personnel, Salaries, and Benefits

Total Personnel Services in the proposed budget is $\$ 3,130,328$. This represents a decrease of $\$ 250,530$ over the previous year's budget. The Maintenance Mechanic's position has been eliminated and the Office Administrator III position at the Community Development Department has been reduced to half-time.

## General Fund

Revenue in the General Fund is projected to be $\$ 2,632,533$ with total resources equaling $\$ 4,662,100$. Expenditures within the General Fund are budgeted at $\$ 3,562,100$. The Administration Department accounts for 15 percent of General Fund expenditures, the Police Department accounts for 44 percent, Parks Department accounts for 8 percent, Municipal Court accounts for 6 percent, Planning Department accounts for 5 percent, and Non-Departmental Transfers accounts for 15 percent. In addition, the budget places $\$ 395,621$ in a contingency line item and $\$ 1,100,000$ in an Unappropriated Ending Fund Balance line item.

## Enterprise Funds

Due to the lack of construction, revenues for Water, Sewer, Streets, Parks, and Storm water SDC funds are projected significantly lower. Staff anticipates approximately 15 construction permits for new homes will be issued this year. While staff has concerns for all SDC funds, the lack of revenue in the Water SDC fund could pose a significant issue in the 2010/2011 Fiscal Year due to outstanding loans.

The Street fund continues to be problematic. All revenues to maintain our local road system come from the State Gasoline Tax. This revenue is not adequate to maintain our roads in their present condition. At some point in the near future, the Council will need to have a discussion on how to fund our road maintenance program.

The Contingency in the Water Fund is budgeted at approximately $\$ 1$ million. While this may seem high, Committee members need to remember that those funds may have to cover over $\$ 540,000$ in next year's loan payments. As mentioned earlier, the Dutch Canyon Water Line project will begin construction this summer and the City will finally resolve that longstanding issue.

As City Manager, I want to thank the entire management team for their work in creating our proposed 2009/10 budget. While revenues are not what we would like to see, our budget continues to address Council goals while being mindful of the economic challenges facing us. I believe that the task before us is to set the course for Scappoose's economic future and, I think by focusing on the positives, that future is bright.

Respectfully Submitted,

J on G. Hanken
City Manager

## GENERAL FUND 10

## PURPOSE:

The General Fund consists of revenues collected from property taxes, franchise fees, license and permit fees, intergovernmental revenue, charges for services, interest income, revenue transfers, and other miscellaneous income sources.

## VISION FOR THE YEAR:

To maintain a healthy cash position and to provide needed community services.

## BUDGET NOTES:

## Revenue

The General Fund for FY09-10 has a beginning cash position of $\$ 2,029,567$. This amount will provide the City with the working capital needed to meet General Fund expenditure requirements without interim borrowing prior to the receipt of property tax revenue in November. The proposed budget also provides for a $\$ 385,621$ Contingency line item, provided that no unexpected expenditures occur. Staff has committed $\$ 1,100,000$ to an Unappropriated Ending Fund Balance. These funds cannot be utilized during the upcoming fiscal year and will provide the basis for FY10-11 beginning cash carryover.

Property tax revenue is projected to be $\$ 1,423,000$. This amount is based on the City levying its tax rate of $\$ 3.2268$ on the assessed valuation of the district. The City estimates a $90.7 \%$ collection rate for the fiscal year. Due to the current economic conditions, staff has reduced the collection rate by three percent. Normally, the staff estimates a $93.7 \%$ collection rate. The increase in the estimated property tax revenue is a result of increased assessed valuations in existing property and new development. Property in Scappoose is valued for taxation purposes by the Columbia County Assessor's Office

Franchise fee revenues are estimated to be $\$ 366,000$. Franchise fees are received from the following utilities with the estimated revenues to the City in parenthesis; CenturyTel ( $\$ 28,000$ ); Columbia River PUD ( $\$ 126,000$ ); NW Natural Gas ( $\$ 97,500$ ); Waste Management of Oregon ( $\$ 40,000$ ); and Comcast Cable ( $\$ 71,500$ ) and Natural Gas Royalties $(3,000)$.

The City anticipates collecting $\$ 20,000$ licenses and permits. All of the revenue in this category is a result of business license fees and the reduced revenue is a result of Council's fee reduction to encourage economic development.

Intergovernmental Revenues are estimated to be $\$ 148,110$. The City anticipates receiving revenue of $\$ 79,225$ for liquor and $\$ 8,885$ for cigarettes. The per capita rate for cigarettes is $\$ 1.42$ and the per capita rate for liquor is $\$ 11.71$. The City does not anticipate receiving State Revenue Sharing monies.

The Charges for Services has anticipated revenue of $\$ 283,150$. The Municipal Court Department anticipates revenue of $\$ 225,000$, Planning revenue of $\$ 15,000$ and Police Administrative Fees of $\$ 18,000$.

Interest income for the year is estimated at $\$ 56,100$. As stated by the auditor, the City places the vast majority of its funds in the State Local Government Investment Pool (LGIP),

Miscellaneous revenue includes monies that are not otherwise accounted for in defined categories. The proposed budget estimates miscellaneous revenue at $\$ 2,500$.

Transfers to the General Fund are projected to be $\$ 333,673$. Transfers are made from each department and or fund to the General Fund to cover administrative costs associated with each department and or fund. A listing of the transfers in is found in the General Fund Revenue line item detail, they are also found in each department's budget line item detail.

Total amount of revenue for the General Fund is projected to be $\$ 2,632,533$. Total Fund Resources are $\$ 4,662,100$.

## Expenditures

Within the General Fund, the City expects to expend $\$ 3,535,299$. These expenditures are budgeted into the following departments: Administration (16\% of General Fund expenditures), Police (43\% of General Fund expenditures), Parks \& Grounds (6\% of General Fund expenditures), Municipal Court (6\% of General Fund expenditures), Planning (4\% of General Fund expenditures) and Contingency (11\% of General Fund expenditures).

The Unappropriated Ending Fund Balance of $\$ 1,100,000$ represents $23 \%$ of Total Fund Resources. On the following pages, Budget Committee members will be provided with more detailed information related to expenditures within each department.

Projects proposed for $\mathrm{FY} 09-10$ include $\$ 2,142,400$ to continue the improvement to the head works and filtration system. The filtration improvements are required to meet more stringent permit requirements. The head works improvements are required to allow the plant to operate more efficiently and to make the sludge more acceptable for land application. The fund contains a transfer to the General Fund of $\$ 1,658$ for administrative cost of the fund and $\$ 4,31$ to the GO Water \& Wastewater Debt Service Fund. The contingency is budgeted at $\$ 186,045$.
